Store in a cool dry place away from direct sunlight.

reflex[®]

green tea

standardised extract

95% polyphenols

dietary supplement

100 Capsules

Green tea has long been the favoured drink in many parts of Asia. In recent years it has been the focus of several medical studies due to its touted health benefits. Studies have highlighted its potent antioxidant properties due to its high polyphenol content as well as potential for weight management.

reflex[®] green tea is standardised to be rich in the most important polyphenols, catechin and epigallocatechin (EGCG) and is one of the most potent currently available.

All **reflex[®]** products are made to the highest standards. If for any reason you are not satisfied with this product please return it for a full refund. This does not affect your statutory rights.
